residence, agency affiliation, and legislative requirements. Additional information regarding a nominee's experience and background will be considered to the extent that a nominee chooses to disclose the information in the nomination application. The information may provide evidence of the nominee's leadership qualities, organizational abilities, individual strengths, and commitment to HIV services. All information is recorded and stored by the Co-Chairs of the Membership/Finance Committee and/or Planning Council Staff in accordance with the Public Act concerning HIV Confidentiality.

7. After the Membership/Finance Committee reviews applications, new applicants deemed eligible are then required to attend one Commmittee meeting (excluding Executive) and one Planning Council meeting. For renewal applications, for members in good standing this requirement will be waived. In order for an applicant to be a member he or she must live or work in the New Haven/Fairfield EMA. The only exception to this is if the applicant fulfills a HRSA mandated position and this position cannot be filled by someone within the EMA. Once an applicant meets this requirement, the Membership/Finance committee will conduct a final review of applications and may forward to Planning Council for consideration. 8. Applications are accepted year-round.

The term of office shall be for a period of three (3) years for all Planning Council members. Each member of the Planning Council shall have the following responsibilities:

Section 4.4(a) Planning Council Co-Chairs Overview

Two Co-Chairs shall be the Officers of the Planning Council. The Council shall make all attempts to secure at least one Co-Chair that is HIV+ to ensure representation of people with HIV in Council leadership positions. The term of office shall be for three years. All Co-Chairs are appointed by and serve at the pleasure of the Mayor of the City of New Haven.

Co-Chair terms take the place of Planning Council membership terms. Therefore, once a Council member becomes a Planning Council Co-Chair, their membership term ends and their three-year Co-Chair term begins. Once the Co-Chair term is finished, the individual is no longer a Planning Council member, but is eligible to immediately reapply for Planning Council membership as stated in section 4.2(b).

Co-Chair terms should end in rotating years so as not to have both leaving in the same year. In the event that Co-Chair terms cannot end in rotating years, the Council should request that the Co-Chair with the latest termination date have his or her term extended by one year. If terms end on the same date, the Planning Council shall vote to decide which Co-Chair's term should be extended.

In the event that a Co-Chair resigns from the Planning Council, the Membership/Finance Committee will seek nominations to fill the term of the resigning Co-Chair and make a recommendation to the Planning Council for a vote. The nomination and vote tally will be forwarded to the Mayor for final appointment.

Section 4.4(b) Planning Council Co-Chairs Eligibility

The eligibility requirements for Planning Council Co-Chairs are as follows:

- Currently serve as a Council member.
- Have currently served on the Council for at least 12 consecutive months.
- Have attended at least 75% of Council and committee meetings within the last 12 months.
- Currently resides or works in New Haven or Fairfield Counties or represents a mandated category based on HRSA Planning Council Requirements.

Section 4.4(c) Planning Council Co-Chairs Nomination Process

The voting process for Planning Council Co-Chair nominations differs from the regular voting process. The vote begins by the Membership/Finance Committee recommending all eligible nominations to the Planning Council that it has received. While strongly encouraging multiple nominations, the Membership/Finance Committee retains the right to move an eligible Co-Chair nomination forward to the full Planning Council when at least one eligible nomination is submitted.

During the meeting in which nominations are being moved forward to a vote, the following process takes place.

- The Membership/Finance Committee distributes information about the nominees. Nominees have the opportunity to address the council and then leave the room during Planning Council discussion.
- A motion is entertained to consider the nominations. After the motion is seconded, discussion occurs.
- Once discussion is finished, a written ballot tally is taken. This tally is designed to allow council members to prioritize the nominees when there is more than one nominee, since parliamentary procedure only allows a yes / no / abstention vote. Even if only one nominee exists, the ballot tally is used to let members make an individual and private choice on the nominee.
- The ballot is submitted to and counted by Planning Council Staff and the results are shared with the Planning Council Co-Chairs. The Co-Chairs announce the results of the ballot to the Planning Council.
- A Planning Council member converts the results of the ballot into an official motion to recommend to the mayor for appointment of the nominee with the most ballot votes and to forward the prioritized list of names from the ballot tally to the mayor. The motion follows regular parliamentary procedure (second, discussion, called vote).

Ryan White Planning Council Bylaws

New Haven & Fairfield Counties

- After the vote is complete, the Council forwards a list of all Co-Chair nominees and their qualifications and the top recommendation from the Planning Council. The Mayor of New Haven makes the final appointment of the Council Co-Chairs.

9.2 - Grievances Related to Funding

a. Statement of Principle

The Planning Council is composed of members of the community who are concerned about the needs of persons infected and affected by HIV. Priorities for funding are set by an established, written procedure, and are based on the Needs Assessment performed bi-annually. Meetings are posted and advertised to the greatest extent possible and public comment is sought and encouraged at every stage of the planning process. It is the corporate intention of the Council that all inquiries, questions, issues and disputes will be addressed and adequately resolved at each stage of the planning process. It is expected that before a person or group becomes a Grievant, they will have participated and made full use of the public process. A Grievant's active participation in the public process prior to filing a grievance will be considered when resolving a formal grievance. It is the hope of the Council that the open process by which it operates integrates enough measures for disclosure and participation so that formal grievance filing would be a rare exception.

b. Types of Grievances Covered

1. Grievances that allege deviation from the established, written procedures for the priority setting process, or,
2. Grievances that allege deviation from the established, written procedures for fund allocation process, or,
3. Grievances that allege deviations from the established, written process for any subsequent changes to priorities or allocations.

c. Standing

Individuals or entities directly affected by the outcome of a decision related to funding as defined above are eligible to bring a grievance and must show their standing to bring a grievance in their initial filing. Directly affected includes:

- Providers eligible to receive Ryan White funding
- Consumer groups/PLWA coalitions and caucuses
- Persons or groups as consumers of Ryan White services or potential services.

The response will be in the form of a letter stating the reason for the decision and will be sent to the complainant by certified mail.

Article X – Advocacy Policy

Section 10.1 Overview of Advocacy Policy

As with all Council business, anyone can bring an advocacy issue to the Council. All requests for a Council-based advocacy response must be received in writing, presented to Council Co-Chairs or Staff, and must cite supporting data. Ideally, requests should be made at least ten days prior to an Executive Committee meeting.

Upon receipt of written request, Council Co-Chairs and Staff will review the request to determine whether the request falls within the Council's two primary advocacy goals: 1) Educating about the HIV epidemic or 2) Addressing roadblocks to the Council's achievement of its primary mandated functions, as defined by HRSA. If the request does not fall within the Council's primary advocacy goals, the request is answered with an administrative letter noting this fact. If the request does fall within one of the two goals, Council Co-Chairs and Staff conduct further research, determine the appropriate action in accordance with the Council's guidelines for engaging in advocacy (listed below), and draft a response.

If the issue is controversial or politically sensitive, or if the Co-Chairs cannot agree on a course of action, the draft response and accompanying research will be discussed at the next regularly scheduled Executive Committee meeting. The Executive Committee will develop a recommendation for the Planning Council and present its recommendation for Planning Council vote. If the Council votes in favor, the action will be carried out. If the Council opposes the recommendation, an administrative letter will be sent to the party who made the initial request, informing them of the Council's decision.

As a courtesy, all draft advocacy responses will be sent to the Mayor's office (or Mayor's designee) at least 72 hours before dissemination. On an annual or more frequent basis, the Council will conduct follow-up on its advocacy efforts to determine the results.

Section 10.2 Guidelines for Engaging in Advocacy

Goal: The Council's advocacy responses can be made in response to two goals: (1) educating about the HIV epidemic; and (2) addressing roadblocks to the Council's achievement of its primary mandated functions, as defined by HRSA.

- Causes:** The Council may engage in advocacy efforts in response to misinformation, financial or policy changes, public statements and positions, and/or proactive opportunities that help the Council fulfill its HRSA-mandated functions.
- Responses:** Appropriate Council advocacy responses include letters, written educational materials, position statements, news stories, editorials, and testimonies. Council responses must be based on Council data or other verifiable, primary-source research data. Picketing, demonstrations, and civil disobedience are not sanctioned as appropriate responses for this Planning Council body. The Council should only initiate or co-sign petitions when absolutely necessary. The merit of the petition or position statement must be determined to enable the Council to react when it happens.
- Tone:** The tone of Council advocacy responses should be educational, politically aware, diplomatic, positive, assertive, collaborative and sensitive.
- Audiences:** Audiences for Council advocacy efforts may include: the Mayor, the Governor, the President, HRSA, media, local service organizations, general public, people with HIV, legislature, City, State, and Federal political bodies, and State Departments.
- Duplication:** Some advocacy is best suited to individual action or to action by other system members. The Council should avoid duplication with HIV-specific advocacy efforts in the EMA.
- Requirements:** Council advocacy efforts cannot block Part A funds from being distributed to consumers. Council advocacy efforts should respect Mayoral appointment. Council advocacy efforts that use federal funds cannot be used to lobby the Executive or Legislative branches of the federal government, including influencing or attempting to influence any member or employee of Congress
